## Company's vision:

A creative, trendy, and diligent team of designers, architects and gardeners, the vision of Grassy gardens & Landscaping meets the dreams and desires of the most demanding customers and prepares to respond quickly to trends and new developments in the field of landscape design and maintenance.

Since South Africa is a city that boasts of its beautiful landscapes, contemporary designs of houses, shopping malls, hotels, and entertainment arenas, it is crucial for a landscaping company to be involved in the design and construction of outdoor landscapes that will complement the overall look of the country's townships, towns, estates, and cities.

## Grassy Gardens and Landscaping Mission:

At Grassy Gardens & Landscaping, all employees are highly regarded for their contribution to providing impeccable service to their clients. All employees are collaborators and are expected to perform their assigned tasks with maximum ability and potential. The company is spending time and resources improving the skills of professionals who want to train new specialists and enable them to improve and design the best outdoor landscapes.

### **Grassy gardens and landscaping is looking to be competent in two different fields:**

1. Domestic in yard services - such as your 3D landscape designs and construction, landscape maintenance: lawn mowing, tree felling, swimming pool maintenance, plant hedging and trimming, plant treatment, high pressure concrete cleaning, and additionally we provide in yard car wash services, couch cleaning services and window washing services, etc.
2. Industrial and large-scale landscape services – this involves Road Maintenance tenders, large scale 3D landscape designs and construction (such as sports fields, recreational parks, walkways designs and construction, golf course maintenance, etc).

The goal of Grassy Gardens & Landscaping is to address customer requirements and needs, establish a high standard of landscaping to ensure that all customers are satisfied and make a good impression, and recommend the company to friends, family, and colleagues. The company's services are based on trust and mutual understanding among the people involved in design and development (both clients and service providers), so Grassy Gardens & Landscaping ensures that all details of the process are communicated. In this way, the company has achieved a strong indicator of customer satisfaction by offering innovative designs that don't cost a fortune.

### **Our Domestic Maintenance teams consist of:**

A total number of 6 personnel per team.

Vehicle (Bakkie)

A Trailer – equipped with all the necessary tools and material to conduct our quality services

# Grassy Gardens & Landscaping

Grassy Gardens & Landscaping has already been providing immaculate landscape design and construction services for almost three years.

In the future, Grassy Gardens & Landscaping is planning to undertake even greater projects and cooperate with independent designers and constructions worker to cater to the needs of respectable clients such as shopping mall owners or hotel owners. The company is planning to expand its business, hire more professionals, establish more plant nurseries, and cooperate with foreign flower and plant distributors to have an advantage over competitors that do not have an opportunity to import plants from other countries.

## **Target Objective: Capturing Attention.**

Among the main goals of Grassy Gardens & landscaping, establishing a solid reputation is of paramount importance to the company. Being young, despite the affordable and high-quality service, the company did not have the opportunity to attract the attention of many customers. The main tool for achieving this goal is the creation of online images. The site will be constantly updated with the latest news, photos of the latest landscape works, offers and discounts. Grassy Gardens & landscaping has a long way to go, achieving set goals and having immense potential to become a well-known and reliable provider of landscaping services.

Grassy Gardens and landscaping is also looking into expanding exponentially in both domestic and industrial fields. The idea is to eventually expand our services to different towns, townships and cities in all provinces, ready to serve our expertise in gardening and landscape at our clients' convenience.

## **Cities Worked:**

- Barberton Farm Prison married quoters.
- Barberton town houses.

The company is looking to expand to more towns and townships across the province of Mpumalanga and will eventually expand to other provinces in demand of our impeccable services.
